READING COMPREHENSION (2 points)**Travelling by plane**

Travelling by plane is now easy and quite cheap. Many people prefer to fly instead of travelling by train or coach because it is faster. However, flights are not always on time, but flying is still very popular.

Most cities have airports for national and international flights, so many people travel every day. When you go to the airport, you need your passport and your ticket or reservation. First, you check in and leave your luggage. You can also take small personal items, such as clothes or a mobile phone, in your hand luggage.

For international flights, you must arrive at the airport at least two hours before departure. Sometimes flights are delayed or cancelled because of bad weather or technical problems. Before you board the plane, you go through a metal detector and your bags are checked.

On the plane, the cabin crew welcomes you and helps you find your seat. Before take-off, you must turn off your mobile phone and listen to safety instructions. Then the pilot gives information about the flight, such as the duration and arrival time. Travelling by plane can be comfortable and interesting.
